

## Oklahoma Workers' Compensation Commission (OK WCC) EDI Claims Announcement

### OK WCC EDI Claims Release 3.0 Requirement Tables Version 1.2 - Available for Download

**Important Reminder:** The OK WCC Trading Partner Registration(s) must be completed for testing to begin.

Date: September 1, 2017

OK WCC has posted the EDI Claims Release 3.0 Requirement Tables, Version 1.2. The requirements are immediately available for download at <https://www.okwccedi.info>. You can find the updated tables under the "Implementation Guide" or "EDI Requirements" links on the left-hand side of the page.

OK WCC's Implementation Guide and EDI Requirements page provides an overview of each requirement document and a link to download each document. The 'Track Changes Document' describes the changes to OK WCC's Requirements.

#### **Highlight of Changes:**

- Added clarification for Legacy Claims: Open Claims and/or Re-Open Claims reported for DOI  $\geq 2/1/14$
- Removal of FROI 04 Event for Partial Denials
- Additional Edit Changes

#### **Important Reminder:**

The OK WCC Trading Partner Profile Registration(s) must be completed for testing to begin. If you have not yet registered as a Trading Partner, you must register now. To register, go to <https://okwccedi.info/register>.

OK WCC requires each entity, including those who plan to use an EDI Vendor, to complete the Electronic Trading Partner Registration. The Trading Partner Registration provides pertinent information to OK WCC about the Sender, Receiver, Insurer and Claim Administrators and transmission protocol.

OK WCC EDI Trading Partners submitting Claims data directly in R3 Data Format and EDI Vendors are required to complete the Test Plan.

The OK WCC Test Plan can be found at <https://okwccedi.info>, select Implementation Info.

Exceptions: No testing is required for OK WCC Web Entry filers. In some cases, if a Trading Partner is using an EDI Vendor, the EDI Vendor will coordinate and/or perform the testing on behalf of the Trading Partner.
